## OUR POSITION

### Where the world's supply meets Africa's mines

Business Building Global SARL (BBG) operates from Kolwezi, Lualaba Province — the centre of the Democratic Republic of Congo's copper and cobalt industry. The company's role is to close the distance between global supply and African operations.

For mining operators, BBG is a dependable source of critical inputs. For international suppliers, it is an established, documented route into one of the world's most strategic industrial markets.

## BUSINESS DIVISIONS

### Ten disciplines, one standard

- Mining Subcontracting
